En JavaScript,
il y a un paquet pour tout…
et souvent pour rien.

Node Modules Inspector v0.6.6

Visualize your node_modules, inspect dependencies, and more.

pnpm install Enter package names

Or run in your local project with `pnpx node-modules-inspector`

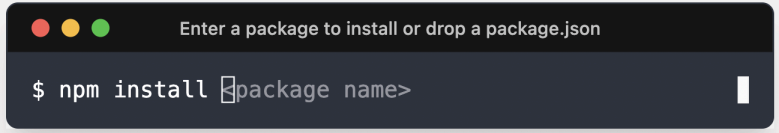

Or see a static build demo at everything.antfu.dev

Made with Nuxt and ♡ by Anthony Fu

e18e
e18e · Ecosystem Performance

Find the true size of an npm package. Why?

Tip: You can pass in multiple packages or a specific package version to install (e.g. vue@2)

Just curious? Try one of these popular packages:

preact kolorist got call-bind vite kind-of polished ee-first

DepTree

Visualize the dependency tree of a package or project to see where you might want to optimize

Provide a package name

Or...

Upload package.json

Do be warned with package.json upload, this can result in a massive number of network requests and DOM nodes

npmgraph
Explore npm modules and dependencies
Search...
For example:
A npm module name: express
Multiple, versioned module names: cross-env@6, rimraf
A URL to a package.json file
